

DO YOU KNOW

How to Zoom on part of a slide in slide show mode?

Description:

When delivering your presentation, you can concentrate your discussion on parts of your presentation by zooming in to get a closer look.

- 1) In the lower right-hand corner of your slide, click Slide Show view.

- 2) In the lower left corner of the slide, click the magnifying glass.

- 3) Click on the part of the slide where you want to zoom.

THANK YOU
