

DO YOU KNOW

How to recover unsaved presentation?

Description:

You probably experienced some day the unpleasantness of exiting a presentation, just to realize you did not save it. Too late, of course. Well, actually not. With PowerPoint, you can even recover unsaved presentations.

- 1) Open PowerPoint again.
- 2) Go to **File** and **Open**.

Bennett, Coleman & Co. Ltd.

You have on the right the list of all recent presentations. Just scroll down to the very bottom. And here you are, you should see a life-saviour button **Recover Unsaved Presentations**. Recent unsaved presentations can be brought back from the dead from here.

THANK YOU
